### artist statement

The pursuit of flight, no matter how flawed or hopeless the attempt, places the amateur in the heroic position of trying to transcend his place on earth. This project investigates the flight endeavor as it represents both the physical desire to escape earth and the metaphysical hope to connect with the divine.

### biography

William Lamson was born in Arlington, VA in 1977. He received his MFA in photography from Bard in 2006. William has received a number of distinctions including PDN's 30 and Art and Commerce's Festival of Emerging photographers. Over the last two years, he has begun working in video and animation. He currently has a solo show of his "Sublunar" series at Pierogi Gallery in Leipzig, Germany. [williamlamson.com](http://williamlamson.com)
